You know
your
doctor
is a
star...

“ I underwent cataract surgery at Trenton Memorial recently. From the time I arrived until my departure, each and every person did their utmost to see that I was informed and comfortable throughout the entire procedure. Each one took great pride in their work.

The surgeon, Dr. Andrew Davies, is outstanding and capable in his profession and it was comforting to know I was in such good hands. If I was giving this hospital a 5 star rating, it would receive all 5 stars. ”

Regards, FT

March 30, 2010 is National Doctor's Day

National Doctor's Day was created to show appreciation to our doctors. Doctors perform vital diagnosis, treatment and care for yourself and your family. When you are well, your doctor keeps you well. When you are sick, there is no other person more important to you than your doctor.

Doctor's Day observances date back to March 30, 1933. It was started by Eudora Brown Almond of Winder, Ga. The day marks the anniversary of the first use of general anesthesia in surgery. The first National Doctor's Day was celebrated in 1991.

“ My son, Benjamin, was treated at your hospital on August 1st, 2009. Drs. Downey and Ling were both involved with Benjamin's care. I wish to extend my gratitude for the excellent care that they provided for my son and the expediency with which he was transferred.

As a physician, myself, I truly appreciate the fine care that my son received. He will receive further reconstructive knee surgery at St. Michael's Hospital in Toronto.

Thank you again for the care you provided for my son. ”

Sincerely, J.W., M.D.

Testimonials

“ At a time when our health care system faces so much criticism, it gives me much pleasure to commend your physicians for the excellent care provided to me. In particular, I would want to thank Drs. Blair Scrivens, Elizabeth Christie, Peter Johannsson and Margaret Tromp. Based on my experience, I feel we are blessed in this County with these medical professionals available to us, particularly when it counts. ”

W.M.

“ The attending ER physician, Dr. John Bonn, is to be commended for his caring, honest assessment of my condition. .. again I experienced the same professional, compassionate and efficient care by the triage unit and the attending Dr. Hayward-Steward on a subsequent visit. The entire staff should be commended for their compassionate and professional behaviour. Dr. Bonn is professional and caring in every way, I loved his sense of humour. Do not let him escape. Please pass on my thanks to your wonderful staff. ”

Very sincerely - RP

“ I recently had a total knee replacement performed by Dr. Kawam on September 30, 2009.

I can't say enough about Dr. Kawam! I'm grateful to him for his expertise and kindness. ”

With gratitude, B.H. and Family
