

*“Home Build for Health Care”
Presented By:*

Geertsma Homes and Staikos Homes, both proud members of the Quinte Home Builder Association, are running a new campaign- Home Build for Healthcare. Each of the builders are donating a home in which the net proceeds will be donated to the two Hospital Foundations. The Staikos home is being built in Canniff Mills Estates, Belleville, and the Geertsma Home is being built in Grandview Estates, Quinte West. This campaign has the potential to raise hundreds of thousands of dollars for the purchase of Priority Medical Equipment at the Belleville and Trenton hospital sites.

The Trenton Memorial Hospital and the Belleville General Hospital Foundation's would like to say thank you to the Quinte Home Builder Association, Geertsma Homes, Staikos Homes, and their employees for their philanthropic commitment to the community's health care. Also, a special thank you to the following suppliers and sub trades who have generously agreed to donate their time and products to this campaign:

Sprout's Earth Products

Quinte Health Care has an annual budget of \$2.75 million for priority medical equipment. All of this is funded by the Hospital Foundations that support QHC. The government provides hospital operating costs, but does not fund capital equipment. This \$2.75 million also does not include supplementary equipment needs for projects in Trenton such as the expansion of Same Day Surgery or the addition of Ambulatory Clinics. It also does not fund new equipment needs in Belleville's newest Sills Wing. The proceeds from these two home sales will benefit Quinte Health Care and the equipment needs at their sites in Belleville and Trenton.

The **QUINTE HOME BUILDERS ASSOCIATION** represents approximately 100 member companies in the Quinte area. The QHBA logo is the mark of a professional - a member of the largest residential construction industry in Canada. They believe that skills, experience and integrity are the cornerstones of professionalism. They are committed to providing their members with opportunities to learn, grow and take pride in the association.

GEERTSMA Homes Ltd. has been building fine quality homes in the Quinte and surrounding region since the founding of its parent company in 1976. Geertsma Homes Ltd. has gained an understanding of the needs of their clients through the construction of a range of residential developments from single-family communities of starter and custom homes to multi-unit rental housing and retirement communities. If you are interested in a custom home, residential subdivision, condominium or town home, Geertsma Homes Ltd. offers something for everyone.

STAIKOS Homes Ltd. have been building homes in the Quinte area since 1973. Nick and Chris Staikos believe in quality construction and functional design, and the highest level of customer service. The Staikos brothers know how important your home is to you, and invest themselves fully in their projects. They are currently focused on our West Bridge Estates site in Napanee and their beautiful Canniff Mills Estates in Belleville's North East End. Situated along the banks of the Moira River, Canniff Mills Estates offers home buyers a selection of lots like never before offered in Belleville.
