

Working hard today, for tomorrow

Why fundraise for QH-TM?

The Trenton Memorial Hospital Foundation (TMHF) raises funds to purchase Priority Medical Equipment for the Quinte Healthcare-Trenton Memorial (QH-TM). While the government funds all of the operating costs, the TMHF relies on the generosity of the community to help purchase new medical equipment. The TMHF is very fortunate to be a member of a very generous community. This has enabled our Foundation to provide financial support to the QH-TM since its establishment in 1983. In fact, between 2000 and 2009 alone, our Foundation has invested more than \$16 million in local healthcare.

The TMHF generates revenue in support of QH-TM through a variety of methods. Each year, individuals and organizations such as social clubs, restaurants, department stores and businesses contribute to these activities to help raise hundreds of thousands of dollars for QH-TM. These supporters demonstrate a commitment to the mission of the QH-TM by involving the community in raising significant funds and awareness for the Hospital. We depend on the commitment, dedication, and vision of these supporters to ensure that the delivery of healthcare in our community is maintained now and in the future.

To build the very best hospital for you and your loved ones, we need your help - for better equipment, facilities and research. There are several ways that you, your family, friends, or workplace can help support the QH-TM. No matter how big or small your fundraiser is, every dollar raised for QH-TM counts!
